

*It's a very humble love; it's a true love. Don't look too high, because you won't find it. The love of God is often very low where no one will look for it. And this is why so few people find it.*

## About this Seminar...

*On occasion, little beams of warm sunshine illumine the cold, dark moments of our lives. This sunshine is God's love. When we let its warmth into our hearts and minds, it routs darkness and fear. When love has conquered all our fear, we have finished the need for future lives on this planet. We rise to a higher state. We are able to bask in the greater blessings of our Creator.*

—Harold Klemp,
