## Enjoy Podcasts?

I do too. I've always been fascinated listening to others relate their own stories of unexplained events.

Recently I browsed Eckankar's podcast topics that range from healing, identity as Soul, and encounters with ECK Masters in the Engage section of eckankar.org.

The newest episode, "What Do You Say When Your Child Remembers a Past Life?" is about a mother and her 13-year-old son who easily discuss past lives together. It caught my attention because I was that age when I had my first past life recall.

They also discussed nightmares and provided a helpful tip to resolving them. The podcast let me know that there really is more to life than we are led to believe and that past life recalls are often relevant to our lives today.

HU is the audible whisper of God's love stirring in your very atoms—a proof that Soul exists because God loves It.

I come in your dreams as the Mahanta, the Inner Master. And what is a reliable test of any Master? Does he carry a God-given power to spiritually lift you into the higher worlds?

That is the test.

You have only to seek the Mahanta, today's Living ECK Master. He is God's elect. He's given his life over to help you find God's love and compassion, to speed your journey home.
